Since next week will be extremely short due to the Thanksgiving holiday, the class will learn about Thanksgiving this week. We will talk about why we give thanks, what we are thankful for, and about our favorite Thanksgiving food. We will also make handprint turkeys and placemats. On Friday, please have your child bring something that represents why they are thankful.

We will continue our discussions of the First Thanksgiving this week and we'll discuss more about how we celebrate Thanksgiving now. We will be working on our letter and number recognition during circle time as well as with one on one time or small group activities such as puzzles, cubes, and sorting and counting feathers.
