Parents,

If your little one is at least 2 years old, I highly recommend checking out The Big Green Bus! In case you haven't heard, this is a school bus that has been gutted and turned into a gymnastics facility on the inside. The BGB comes to our school 2 days a week and does 40 minute classes with our kiddos that participate. This is a great way for your child to not only learn some gymnastics but also to just work on coordination, balance, and other gross motor skills. Not only do the children have a BLAST but you don't have to rush after work to take them! Let me know if you have any questions! ~Mrs. Christina

Waddlers and Toddlers

We are going to have lots of fun with butterflies this week! The children will make several butterflies in different ways. Of course, we can't talk about butterflies without caterpillars so we will have some caterpillar art going on as well. For our letter of the week, we will be making "D is for Donut" and "D is for Dog". Sounds like fun! ~Ms. Marlyn, Ms. Meghan, Mrs. Ashleigh, & Mrs. Jaide

2's

This week, we will be learning all about butterflies. We will talk about a butterfly's life cycle, learn some butterfly vocabulary, and explore the symmetry of a butterfly. Also, we will make a few butterfly crafts. Thank you to everyone that has already turned in your poster board puzzle piece. If you have not turned one in yet, please try to have it in by the end of this week so we can hang them all up! ~Ms. Casey & Mrs. Emily
Wednesday- bring a butterfly book
Thursday- bring something brown
Friday- Show & Tell

3's

It's butterfly week and we are super excited! The children will be learning about the life cycle of a butterfly, how their wings are symmetric, as well as the parts of a butterfly. We will also make some neat butterfly and caterpillar art! To wrap up the week, we will make Fruit Dip for our cooking project to go along with "The Very Hungry Caterpillar" story. ~Mrs. Allison & Mrs. Dixie
Tues.- Show & Tell
Wed.- wear brown
Thurs.- bring something that starts with "D"
Fri.- Yoga/Dance

Pre-Kindergarten

This week butterflies are taking over Pre-K! We will study the life cycle of a butterfly, talk about the symmetry and patterns on their wings, and even make our own! We will also be discussing the events of Monday's Solar Eclipse and making our own eclipse art. ~Ms. Tyler
