Parents,

KP3 is this Friday night! We hope you will be able to use this opportunity to attend a Christmas get together, do some shopping, or just have some time to yourself! Please sign up in the lobby and start making your plans!

As the weather starts to get cooler, please be sure to send in a jacket and any other gear you would like your child to wear while playing outside. If you can label the items to make it easy on us, that would be great!

~Mrs. Christina

### Waddlers and Toddlers

It's getting cold outside which means winter is near! This week we will talk about winter weather and make some cute crafts. We will also check out a Snow Storm in a jar for our Science Project! If you need some extra Christmas shopping time, check out our KP3 for this Friday! To end our week, we will enjoy some Snowmen Biscuits!

### 2's

Brrrr! The weather's getting colder and the sun is setting early. Winter is on the way! This week, we will talk about winter, snow, animals of winter, and hibernation. We will play with "snow" and build snowmen, make snowflakes, and paint some penguins. To finish out the week, we will make Snowman Biscuits for our Cooking Project and wash them down with yummy hot cocoa!

Wednesday- bring a book about winter

Thursday- wear white

Friday- Show & Tell something white/starts with "S"  
**Book of the Week- "A Silly Snowy Day"**

### 3's

This week, the class is going to be talking and learning about winter. We will practice putting on our jackets, hats, and mittens. They will use snowflakes and mittens to match and count, and use cotton balls to count how many can fit on our snowman. The kids will look around the room to find "S" objects, practice the "S" sound and even trace the letter. We are also starting to rehearse our songs for our Christmas Program!

### Pre-Kindergarten

It's the most wonderful time of the year: winter! The weather is cold, the cocoa is warm, and our days are spent talking about our favorite winter activities. This week in Pre-K, our little snowmen (and women) will begin practicing for their Christmas Program, decorating our classroom for the holidays, and having some winter time fun!
