### Waddlers and Toddlers

We are celebrating St. Patrick's Day all week long! We have lots of fun activities planned including hunting for gold and making rainbows. Our color this week is, of course, green! Our shape is rectangle and the letter is g! On Friday, we will make green fruit kabobs for our Cooking Project. **Don't forget to wear green on Friday!**

### 2's

Horseshoes, shamrocks, and leprechauns- it's time for St. Patrick's Day! This week, the class will learn about St. Patrick's Day, rainbows, shamrock symmetry, and gold. We will have several crafts to go along with our theme including: leprechauns, rainbow, and gold slime. We will hunt to 4 leaf clovers and gold and maybe we'll even catch a sneaky leprechaun! May the luck o' the Irish be with us all week!

### 3's

Our class is on the lookout for a pot of gold and a mischievous leprechaun! We are learning all about St. Patrick's Day this week and all the neat traditions of this fun holiday. We are talking about Ireland and why it's so green; we are learning how rainbows are formed and looking at the symmetry of shamrocks. The kids will mix colors to make green, play in green water, and find gold coins in green playdough. We will have a great week full of sensory activities, stories, playing, and pretending!

### Pre-Kindergarten

This week in Pre-K, our little Leprechaun hunters are on the lookout for that hidden pot of gold, but in order to find it, we have to learn all about St. Patrick's Day traditions. We will spend time counting gold coins, making Leprechaun binoculars, and making rainbows with skittles.
