*March 24- Last day to order
Spring Pictures!

Parents,

There is a car seat that has been sitting in the office for over a week. We aren't sure whom it belongs to, but just wanted to remind you that it is here!

The kiddos did so great with Spring Pictures!! You should have received an e-mail that will give you access to the pictures. Orders must be placed by March 24th! Please note that this is the only fundraiser we do as we get a percentage of all pictures purchased. This gives us the opportunity to buy new supplies, manipulatives, toys, etc. Thank you in advance for your support!

~Ms. Casey

1's

This week in Waddlers and Toddlers, we are learning about "Animals in Spring". We are so excited for the new season and the adventures it will bring. On Wednesday, we will be making birdfeeders, and on Friday we will be making ham and cheese cocoons for our cooking project. How cool is that?!

~Ms. Jasmine, Ms. Star
Ms. Deja & Mrs. Morgan

2's

This week the 2's are learning about "Animals in Spring." some of our crafts will include frogs, bumblebees and birds. The kids will also be making birdfeeders, which we will hang outside on the playground. On Friday we are making ham and cheese cocoons. Yum!

~ Mrs. Emily & Ms. Meghan

Wednesday- Wear something white
Thursday- Show and tell related to the theme
Friday- Bring in your favorite Spring book

3's

This week we will be learning about the different animals, that we may be able to see now that Spring is here. We will make a graph of our class favorite spring-time animals and see if we can jump as far as a frog. We will also make birdfeeders as a yummy treat for our feathered friends. For our cooking project, we will make ham and cheese crescents.

~Mrs. Ashleigh

Tuesday- Show and tell
Wednesday- Wear white
Thursday- Bring a book
Friday-Yoga/Dance

Pre-k

Pre-K is excited for Spring this week! We will be learning all about animals in Spring time, the life cycle for a butterfly and exploring with worms and different insects. We will look to the sky to learn about the different types of clouds and plant our very own grass seeds. Hopefully we will be able to be outside more this week too and observe Spring in full force!

~Mrs. Kasey
